

Quality Policy

The quality policy of METALFAB LIMITED is to manufacture Custom Emergency Vehicles that consistently meet or exceed the needs and expectations of our customers by:

- ✓ Adhering to any statutory or regulatory requirements applicable to the company and our products.
- ✓ Continually improving the effectiveness of the quality management system through setting and monitoring our quality objectives, conducting regular management reviews and internal audits.
- ✓ Communicating the policy through training and regular review to our employees ensuring that everyone in the company understands and is committed to the policy.
- ✓ Monitoring our quality system performance on an ongoing basis for process and product performance, customer satisfaction and achievement of our quality objectives.
